

River Mill Academy is excited about the expansion of our school and campus.
 We invite you to participate in the
River Mill Academy Brick Fundraising Project.

The proceeds from this endeavor will be used to fund the new campus expansion. Customized brick pavers will be placed leading to the new buildings and will provide a visual reminder of the history of our wonderful school. Commemorative bricks will be installed upon completion of the campus expansion. Check the school website for updates on the construction and to see when your brick sidewalks will be unveiled!

To order using a credit or debit card and for symbols and clip art sample image ID numbers, please visit our Donor Link at: <http://polarengraving.com/RiverMillAcademy>.
